

MA Paid Family And Medical Leave (PFML) Law

Description

MASSACHUSETTS' EMPLOYERS ARE REQUIRED TO COMPLY WITH THE NEW PFML LAW STARTING JULY 1, 2019

Starkweather & Shepley and Partridge Snow & Hahn joined together to present a webinar designed to give employers a better understanding of the law and the actions they need to take. **The webinar presentation can be viewed [here](#).**

The Massachusetts PFML law applies to every private employer with employees in Massachusetts. While employees will not be able to actually take paid leave until 2021, all employers must immediately begin taking steps in order to comply with the Paid Family and Medical Leave law (PFML) by providing (and getting proof of) a detailed notice about the law, registering with the Commonwealth's PFML program through MassTaxConnect, understanding how to calculate and start withholding amounts from employees' pay on July 1, and knowing how to make and report contributions to the Trust Fund established by the PFML.

This webinar covers topics such as:

- Content of the notice of the program benefits
- Calculation of the contribution required to be made (.63% of wages, allocated between family leave (.11%) and medical leave (.52%) for 2019).
- The employer's obligation to pay 60% of the medical leave portion of the contribution.
- Coverage and the employer's obligation to include 1099 individuals in the contributions,
- Filing for an exemption
- Filing quarterly reports
- A summary the PFML's coverage and leave provisions, which are far more expansive than the federal FMLA.

Speakers in the webinar are Michael A. Gamboli of Partridge Snow & Hahn and Joan Greenwell of Starkweather & Shepley.
